

BRITNEY CROOKS ON: MENTORING

VIDEO TRANSCRIPT

I have gotten to where I am definitely with the help of mentors both at work and outside of work, right. We all need a little bit of help and we want to learn from other people's experiences. When I think about some of the women here where I work today, they set the example of what was possible.

One of my really valuable mentors she showed me the importance of just gaining exposure in the working environment that I'm in and so she would set up these opportunities for me to magically meet some high performing women... Like she has architected these opportunities that created a ton of visibility with really high-level people.

You're going to give me the chance, I'm going to give you the outcomes.
