

EMPLOYEE EXIT

VIDEO TRANSCRIPT

It's time.
You've been thinking about this.
Planning it.
Anticipating the day.
Knowing that as much as you love the work.
As good as it's been, you're ready.

For a new challenge, a new stage, a new chapter.

It may be time to start your own venture.
Or change careers.
Or commit yourself to something bigger, far beyond work.

What will you do?
Where will you go?
Anything is possible.

It starts with knowing.
Asking questions and getting answers.
Where do you stand, financially?
What will you leave with?
How can you get the support you need for what's next? How can you do this the way you want.
With no regrets.
With the best chance to succeed.
Whatever you choose.

The path is clear.
Your own personal exit strategy.

Conceived, planned and executed.
Tracking progress in the palm of your hand.
Seeing the future unfold, one action at a time.
Knowing what's possible so you can make the best choices.

People always by your side.
Informing, guiding, encouraging you.
A team dedicated to your future.
To your happiness.
Then, after the last day, the well wishes, the goodbyes. Time to reflect on what you've done.
The successes, the challenges overcome.

The successes, the challenges overcome.
The relationships you've built.
The community you've been a part of.
Knowing you'll stay connected for years to come. Advocating for these people.
And for the purpose you share.

For that day, and every day after.
Knowing you gave it your all.
You did what you came to do.
Leaving with no doubt about your future.
