

SAP CENTRAL FINANCE - NOT JUST A VIEW, A VISION.

VIDEO TRANSCRIPT

In this changing world...
having a clear vision for your
finance function is easier said than done.

As CFO, you are an architect of
business value...

which means you need clean data, and
real-time insights
that not only empower better decision making...
but drive value and help you manage risk ...

so you can embrace change, outmaneuver
uncertainty, and
continuously innovate.

Accenture brings end-to-end capabilities...
from strategy to operations, industry and
finance expertise to help you build a living vision
for your Finance organization
with roadmaps that create value along the way
and provide options for what's to come

SAP S/4HANA for Central Finance offers a
starting point to your journey to business
transformation

Central Finance harmonizes fragmented data
and
disparate systems into a single

source of truth...
turning complex data into clear insights...
driving foresight and fueling innovation.

Powered by our transformation platform
myConcerto, Accenture helps you accelerate
your journey and achieve value faster.

Accenture and SAP offer a unique combination
helping businesses like yours

unleash the potential of your financial data with
Central Finance,
enable your leadership to drive enterprise-wide
value...
and see the big picture.
